FROM THE CHAIRMAN – Barrie Swinnerton

This is my first report as Chairman of the Society after my election in June this year. This is a great honour for me and seems a long way removed from those tentative steps I took in the early 1970's in visiting graveyards in Sowdley, Cheswardine and others to follow up my own 'Adbaston' family links.

My first duty on behalf of the society is to record our thanks and appreciation to Roger and Elizabeth Swinnerton for their sterling efforts during their time as Chairman and Secretary and also over a number of years as members of the Council. They set a very high standard which Margaret and I will be hard pressed to match. I would also like to welcome Anne Swynnerton and Liz Yeandle as newly elected members of the Council.

One of the main tasks over the coming year is to plan the next family gathering in the Summer of 2005. These events have always been a milestone in the development of our family history when so many 'Swinnertons' come together from all over the world in order to meet in the ancestral home at Swynnerton.

We hope that as many family members as possible will support this event. The provisional date is the 9th July 2005 which will also coincide with St Mary's Church Summer Fair in Swynnerton.

I have always found the gatherings stimulate a lot of interest and enthusiasm for our family history. There is such a lot of data available now which President Iain in particular has gathered together over the years with the help of members past and present. The challenge for the society is to be able to take this enthusiasm forward and to encourage more family members to join and in particular to attract our younger family relatives. I would ask you all to help the Society in this matter as we must try to increase membership numbers for the future.

My wife Margaret has taken over as Secretary of the Society and will no doubt call on her old skills. In her younger days she was secretary to a Bank Manager Company Director and even to the Secretary of the Country Landowners Association in Staffordshire. In this latter capacity she worked for Major Rodney Haszard of Milford Hall whose mother was also descended from a Swinnerton and where she first met our President. Born in Stafford, Margaret's own great-grandfather was Charles Jackson Clay who was described as Stafford's 'Grand Old Man' when he retired as Chairman of Stafford County Bench in 1938 at the age of 88.

Outside of the family Margaret's great love is for horticulture. She is secretary of our local gardening club and spends a good deal of her time at Swansea's Singleton Botanic Gardens as a 'Friend' helping to raise awareness and funds for the gardens.

Minutes of the Annual General Meeting of the Swinnerton Society held at Swynnerton on Saturday 5th June 2004

The President, Iain Swinnerton, welcomed members to the meeting.

1.04 APOLOGIES. Apologies were received from Barrie and Margaret Swinnerton, Geoffrey Swinnerton, Angela Swinnerton, Peter Swinnerton, Tim Swynnerton and Mary Papps.

2.04 MINUTES of the last AGM were read and signed.

3.04 MATTERS ARISING. The inscription on the table-tomb in St. Mary's churchyard to Thos. Swinnerton and his wife Anne, has become almost illegible, and the Revd Brian Swinnerton had suggested having it repaired. The council have decided that attempting to repair the tomb would damage the original inscription, and doing so would also set a precedent for repairing other Swinnerton tombs, and so this one should be left alone. Brian Swynnerton informed the meeting that there was a very overgrown area in the churchyard at Betley which had three headstones, which represented 200 years of the Betley branch. He suggested that it would be a good idea to uncover this area.

4.04 CHAIRMAN'S REPORT. Roger Swynnerton reported the death of the Rev. Edward Swinnerton, who had been chaplain to the society. The President represented the society at the funeral. We had two council meetings during the year, at Shrewsbury in the Spring and at Brereton Green in the Autumn. The Stone in the Wall Appeal. The original cost of repairing the wall of St. Mary's was £100,000 - £140,000, but the cost has now been reduced to £38,000, and work has already started, using the skills of a local man. It was felt that the society was not in a position to help with the project due to depleted funds, after giving £800 for the aumbrey in the church. The chairman congratulated Iain Swinnerton on the changes in the Journal, which now included colour photographs. "The Daughter of the Raj" by our late president, Margery Thomas, is in the process of being re-printed.

5.04 TREASURER'S REPORT. This was given by Alan Jones for the year 2003. Brian Swynnerton congratulated Alan on the clarity of the report.

6.04 MEMBERSHIP REPORT. Iain Swinnerton reported that in the UK there were 91 members, but only 74 had paid last year's subscription. In the USA there were 16 members, 9 of whom had paid. In Canada there were 5 members, all of whom had paid. In New Zealand there were 3 members,

who had also all paid. In South Africa there was one member who had paid. 30 people had signed tax gift aid forms which brings in more money for the society. The membership of the society has gone down and is now the lowest for many years.

7.04 ARCHIVIST'S REPORT Iain Swinnerton reported that he had acquired special archive folders and had roughly sorted much of the society's archives into these folders which were on display at the meeting. He thanked Peter Swinnerton for the large amount of typing he had done, and Peter King who had scanned a large number of birth certificates on to CD Roms.

8.04 VACANCY FOR SOCIETY CHAPLAIN. Roger Swynnerton had written to the Rev Ernest Swinnerton. Ernest had written back to say he did not feel he wanted to take on this position. Brian Swynnerton suggested that the council should ask the Rev. Barry Brewer if he would take on the chaplaincy. It would be possible for Keith Livesey, as a lay reader, to take on the position.

9.04 ELECTION OF OFFICERS. The chairman, Roger Swynnerton and secretary, Elizabeth Swynnerton are retiring as they have come to the end of their permitted term of office. Council member Barrie Swinnerton has agreed to take over as chairman and Margaret Swinnerton as secretary and they were duly elected as such.. This left two vacancies on the council. Anne Swynnerton has offered to stand. She was proposed by Elizabeth Livesey and seconded by Sheila Swinnerton and was duly elected. To fill the remaining vacancy, Liz Yeandle was proposed by Valerie Dall and seconded by Sheila Swinnerton and also elected.

The council for the coming year will be:

Chairman: Barrie Swinnerton. Secretary: Margaret Swinnerton. Treasurer:, Alan Jones together with Elizabeth Livesey, Stuart Limb, Sheila Swinnerton, Mary Vivash,, Anne Swynnerton and Liz Yeandle.

The President thanked Roger and Elizabeth Swynnerton for their work as chairman and secretary over many years.

10.04 KEITH LIVESEY reported that many of the past issues of the journal are now out of print and he and we need to re-think our policy on reprinting.

11.04 DATE AND PLACE OF NEXT MEETING. The next AGM will be in Swynnerton, possibly on Saturday 4th June 2005, but as this will be a held during a full family gathering, the council will liaise with St.Mary's to find out on which Saturday they are holding their summer fair.

Letters to the Editor

A plea for help.

Sue Dobbin wrote to say that her grandmother, daughter of Sarah Swinnerton and John Ratcliff's son William Swinnerton Ratcliff and his wife, was brought up by another unrelated (as far as she knows) family from Barnwell, Somerset and it was not until the 1901 census that she found her, aged 4 years, as a visitor in this household in Weston super Mare but born in Nottingham. Her birth certificate is definitely the correct one, but she always said she was born in Banwell and her maiden name was Day. It seems that she was not told until her marriage in 1922 that she was not a 'Day' and the person she thought was her mother was not.

In the parish marriage register she had begun to sign her name with a 'D' and it had clearly been altered to an 'R' for Ratcliff. She had no further contact with the Day family, none of whom went to the wedding or are in the wedding photos, and who have proved pretty elusive - why would they start calling themselves O'Day in the electoral registers?

I have not been able to sort this out yet but hope to do so. If anyone can help, Sue can be contacted on [redacted] or through me.

* * *

Our member Muriel Swinnertonm wrote to say thank you for the very interesting article about the sculptor and his works and says she sees the one in Farm Street Church almost daily as she is a member of that church. She has been to Holywell to visit the well at St.Winifred's.

She also says that the Knights of Malta have often had pilgrimages to Holywell as also have the Guild of Our Lady of Ransome.

David Swinnerton of Eston, Middlesborough wrote sending me some cuttings from his local newspaper which he does regularly (other members please note!) and, in response to a comment of mine about the number of children of single mothers being registered with our name, says it seems to be a way of life now but it has an advantage in that we always used to lose the Swinnerton name when girls married but now we keep it!

That's an interesting viewpoint! He also asks what is the law on birth registration and says presumably the mother can name any one she likes as the father judging by the cases going through the courts at the moment. As I understand it, the father has to consent to be named on the birth certificate. He asks if the child always has to have the mother's surname but says at least it prevents some branches dying out!

The Young Mother by Annie Swynnerton ARA.

The Sense of Sight by Annie Swynnerton (1895)

Annie Swynnerton, the first woman to be elected to the Royal Academy, was born at Kersal, Lancs in 1844, the daughter of Frances Robinson, a Manchester solicitor. She married Joseph Swynnerton, the sculptor, in Rome in 1883. She belonged to the pre-Raphaelite school of painters and was elected to the Royal Academy in 1922. She died in London in 1933. This is, perhaps, her best known painting.

The census

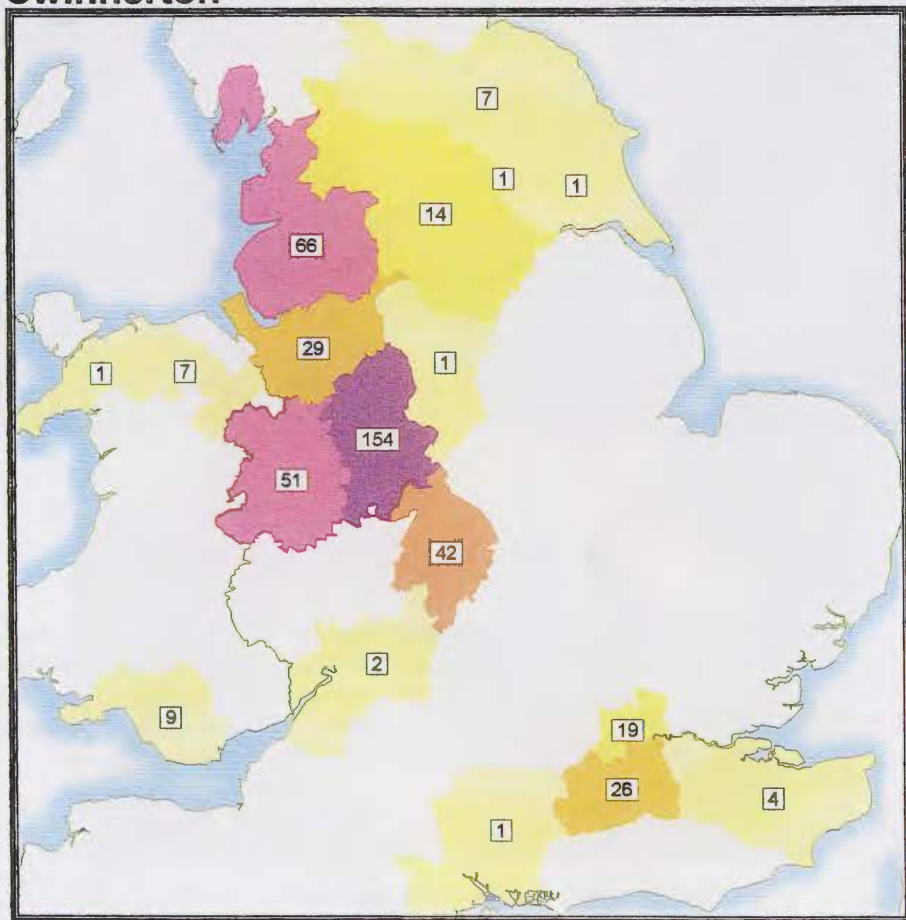

As you know, we have a census in the United Kingdom every 10 years and these have been carried out since 1841 with the exception, for obvious reasons, of 1941.

For 1881, we have a complete transcription for the whole country giving full details of everyone in the country on the night of 3 April 1881, whether they were in their own homes, visiting someone else, in prison, hospital or workhouse and even on board ships in harbour or canal boats.

From the data which has been preserved on computer we are able to obtain a great deal of information not least where the family was living as shown by this map.

The Society's Archives

Roy Talbot has sent in his Annual Report on our holdings which are now quite extensive. We have not printed a report for many years – I think the last was just after the society was formed and I listed what I had collected over the years.

Obviously we have acquired many more records since then and with the help of a number of members over the years, have now put the majority on computer. Despite that, I still have a row of ring binders and box files to be catalogued!

Here is Roy's 'State of the Union' report.

The above combined with odds and ends from innumerable other sources constitute the existing files and records on the computers of the Swinnerton Society in the form of Pedigrees™, databases, hand-drawn drop-line family trees, and text.

PEDIGREES™

Electronic pedigrees exist for the branches: Adbaston, Betley, Butterson, Mediæval, Warwick and Yew Tree, which can of course be combined to form Mainline if required.

Electronic pedigrees exist for the twigs where a twig is defined as a branch whose connection to the mainline is not yet established. Note that the term is a reflection of size only in a general sense: Yorkshire for example is enormous. The twigs are America (a)³ Australia (z), Beech (¶), Bridgnorth1 (1B), Bridgnorth2 (2B), Bury (†), Essex, Gloucester (g), Ireland (i), Leeds (l), London1 (1L), London2 (2L), London3 (3L), Oswestry (o), Scottish (£), Sedgley & Coseley (c), Shropshire (§), Stoke1 (1S), Stoke2 (2S), Teesside (t), Walsall (#), West Bromwich (f), Wrexham (w), and Yorkshire (y).

Electronic pedigrees exist for twiglets which are small twigs referred to throughout as UFOs (Unidentified Family Offshoots) and identified as (nU) where 1 ≤ n ≤ 15.

- 1U: fishmonger Henry William Swinnerton and his military sons
- 2U: Henry Swinnerton, seventeenth century Burgess of Shrewsbury

Electronic pedigrees exist of passing interest:

STRINGS which records Swinnertons merely as name and number but gives detail of connected descendants and ancestors of other surnames, e.g. the descent of Elizabeth Ann Meek.

BAGOT recording the wealth of detail gleaned from the diary of Anne Bagot.

HASTANG which records the history of the Hastangs, Hollands and Staffords who tend towards endogamy, branching out periodically to marry Swinnertons.

FAMILY TREES

Complete trees exist of Adbaston, Betley, Mediæval, Gloucestershire, Bridgnorth1, Bury, Yorkshire, London1, London2, and Essex.

PROSE

Numerous sundry items of text exist, mainly short monographs on such subjects as "Waggesley", a word which crops up all over the place but remains difficult to define other than being topographic.

There is also a complete index to the Swinnerton Society Journal from page one to date, though note that the Swinnertons themselves are indexed by reference and not by name except where no reference number exists.

There are also all those latin texts transcribed from the mediæval rolls which have yet to be translated (mainly the Close Rolls).

For the great majority of the entering into computer we are greatly indebted to our member Roy Talbot who has spent countless hours on this task as well as many more hours in record offices and archives adding to our store of knowledge..

Family Notes

Steven Swinnerton, son of our member and sometime Treasurer Geoffrey Swinnerton was married on the 30th April 2004 at St.Cecilia's Church, Green, Lane, Tubbrook, Liverpool to Jane Moran.

Neale Warren Swinnerton, son of our member Colin Swinnerton, another former Treasurer, is to marry Lisa Taylor at Eltham Palace, Kent next February.

Our best wishes to both couples.

Congratulations to Robert Swynnerton, nephew of our recently retired chairman Roger, and Bettina on the birth of their son Louis Swynnerton on the 23rd June, 2004.

Change of Address

The Revd Ernest Swinnerton to [REDACTED]

We welcome a new member, Karle Swinnerton of [REDACTED]

Karle is a great-great-grandson of William Swinnerton of Betley through his youngest grandson, Daniel who married Emily Jane Smallwood. Both Karle's father Robert Charles Swinnerton and his grandfather Kenneth James are former members of the society so it is good to see Karle carrying on the membership..

In our last journal, I briefly reported the death of our member Mrs Elizabeth May, eldest daughter of Professor Henry Hurd Swinnerton. As a young woman, Elizabeth went to South India with the Methodist Missionary Society. In the Nizam's dominions of Hyderabad, in a corner of a field she trained young mothers to look after their toddlers who were normally tied to the mothers' backs when working. She travelled to nearby villages on bicycle or walking, teaching about the importance of play in the development of small children, creating toys from wood, pebbles, sand and mud!

She was home on leave during the war years and returning in convoy, she met the Revd Peter May who was going out to be Principal of the Bishop's Theological Training College in Calcutta. They married in India and she became very involved with the college families. Back in England, in Portsmouth, she had a SCF playgroup in the vicarage basement and garden.

She taught for the Pre-school Playground Association for many years training volunteers.

Daughter of the Raj by Margery Thomas

Our President's personal story. Born in Simla in 1894, she tells of her childhood in India in the days of the Raj: of nursing on the Eastern Front in the Great War as a VAD: of England after the war completing her training at Barts Hospital and then to Africa with her husband in the Colonial Service. A truly fascinating story of life in a bygone age.
